HEALTH PLAN MISSION
To provide the highest standard of service, access to care and options to active, inactive, and retired UCC clergy and lay employees.
January 2020

Dear UCC Colleague,

We are pleased to provide you with this copy of Highlights of Your UCC Medical and Dental Benefits Plan: Medicare Supplement Plan with Rx (for individuals who are enrolled in Medicare Parts A and B).

The UCC Plans offer a schedule of comprehensive benefits to assist participants in maintaining healthy lifestyles with an emphasis on preventive care, including immunizations, wellness programs, and disease management.

Your UCC Medicare Supplement Plan with Rx offers flexibility and choice, including:

- annual physical and listing of preventive care schedule benefits covered at 100% with no additional cost;
- reimbursement of up to 80% of the amount not covered by Medicare for Medicare-eligible services;
- choice of two Medicare Part D pharmacy plans, Standard or Value, administered by Express Scripts, Inc.;
- two Dental Plan options, including a stand-alone entry-level Plan for those not previously enrolled in UCC dental coverage;
- an optional, stand-alone Vision Plan that does not require participation in the UCC Medical Plan; and
- access to nationwide Preferred Provider Organizations (PPOs) for cost-effective dental and vision care, as well as the flexibility to use In-Network and Out-of-Network providers.

We hope that you continue to be pleased with the benefits available to Plan participants, and we covenant to work with you to provide the best possible benefits at the most effective cost.

May you enjoy good health and abundant blessings.

Best regards,

Brian R. Bodager
President and Chief Executive Officer
The Pension Boards–United Church of Christ, Inc. is pleased to provide you and your family with a comprehensive health benefits program, offering flexibility and choice. This booklet contains information on the UCC Medical and Dental Benefits Plan (“the Plan”) and applies to you if you meet the eligibility requirements stated on p. 8.

In the event of any conflict between this booklet and the UCC Medical and Dental Benefits Plan Document, the UCC Medical and Dental Benefits Plan Document shall govern.

The UCC Medical and Dental Benefits Plan is designed to support employees of the UCC and UCC-affiliated entities in performing their ministries. The Plan is self-insured and administered by The Pension Boards–United Church of Christ, Inc. on behalf of all participants.

This Plan is intended to meet the requirements of a “church plan” within the meaning of Section 414(e) of the Internal Revenue Code of 1986 (the “Code”), as amended, and Section 3(33) of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan qualifies as a Section 125 Plan under the Code. The Plan is exempt from the requirements of Title I of ERISA.

The UCC Medical and Dental Benefits Plan is a “grandfathered health plan” under The Patient Protection and Affordable Care Act (the “Affordable Care Act”). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Plan is not legally required to adopt certain consumer protections of the Affordable Care Act that apply to other plans; however, the Pension Boards has voluntarily adopted some, but not all, of these consumer protections. Grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act: for example, the elimination of lifetime limits on benefits.

**PLAN ADMINISTRATION**

The UCC Medical and Dental Benefits Plans are self-funded plans administered by The Pension Boards–United Church of Christ, Inc., an affiliated ministry of the United Church of Christ. The Pension Boards has engaged Highmark Blue Cross Blue Shield, Express Scripts, United Concordia Companies, Inc., and VSP to provide claims administration services. Claims administration services do not insure benefits under the Plan. Final interpretation of any and all Plan provisions is the responsibility of the Pension Boards. The Pension Boards is solely responsible for determination of, entitlements to, and payments of any amount due under this Plan. The Pension Boards retains the right to modify or terminate the Plan at any time.

*Health benefits for dependents who are not Medicare-eligible are described in the booklet, "Highlights of Your UCC Non-Medicare Medical and Dental Benefits Plan."

APPLYING FOR COVERAGE

If you are covered under the UCC (Non-Medicare) Health Plan, you will receive information about the UCC Medicare Supplement Plan with Rx approximately three months before you turn age 65. If you wish to participate, you will be asked to submit proof of enrollment in Medicare Parts A and B for yourself and your spouse or domestic partner, if applicable. Health coverage for your spouse or domestic partner and other dependent(s) who are not eligible for Medicare will continue under the UCC (Non-Medicare) Health Plan if they are already enrolled for coverage. You must participate in the UCC Medicare Supplement Plan with Rx in order to continue dependent coverage.

If you do not have a dependent when you are first enrolled in the Plan, you must apply for dependent coverage within 90 days of the birth, adoption or placement of child in your care, or within 90 days of your marriage. You must apply for coverage for your domestic partner within 90 days of the six-month period following the commencement of your domestic partnership.

You may apply for such coverage at a later date, but satisfactory evidence of good health must be provided before coverage can begin.

WAIVING OR TERMINATING COVERAGE

If you choose to waive or terminate your coverage, you and your dependent(s) will not be eligible for future coverage under this Plan without first providing evidence of good health.

EVIDENCE OF GOOD HEALTH

Evidence of good health must be provided if you and/or your dependent(s) are not enrolled in the Plan within the first 90 days of eligibility. Plan participation may be denied on health status.
APPLYING FOR COVERAGE AFTER INITIAL ELIGIBILITY PERIOD
If you are a UCC minister, you may apply for coverage under this Plan even if you have not previously participated in the UCC Health Plan, provided you satisfy evidence of good health and you are age 65 or over and enrolled in Medicare Parts A and B.

WHEN COVERAGE STARTS
PARTICIPANT RETIRED
UCC Medicare Supplement Plan with Rx coverage starts on the first day of the month following receipt of evidence of your enrollment in Medicare Parts A and B.

WORKING
The coverage start date for working participants begins the first of the month following receipt of the Medicare Coordination of Benefits approval.

When evidence of good health is required, coverage will begin on the first day of the month after you have been accepted as a Plan participant.

DEPENDENTS
Coverage starts on:

• The date you are covered if you also apply for dependent coverage at the time of your enrollment; or

• The first day of the month following receipt of application for dependent coverage if you apply for such coverage within the 90-day eligibility period; or

• The first day of the month after your dependent has been accepted by the Plan when evidence of good health is required.

WHEN COVERAGE ENDS
PARTICIPANT
Coverage for you and your dependents ends:

• the last day of the month that request for cancellation is made to the Pension Boards.

• when contributions are no longer made, or

• when you or your dependents are no longer eligible for coverage.
CONTINUATION OF COVERAGE

In the event of your death, your spouse or domestic partner may continue Plan coverage by making contributions directly to the Plan.

If you divorce or dissolve your domestic partnership, your spouse or domestic partner may continue his/her coverage by making contributions directly to the Plan. The duration of this coverage is limited to 24 months or, if earlier, until 90 days after employment begins.

Coverage for dependent children will continue for up to a period of 24 months, or sooner if the child no longer qualifies as a dependent under the Plan.
HOW THE MEDICAL PLAN WORKS

To provide participants with quality, cost-effective health benefits, the Pension Boards has contracted for the following services:

**MEDICAL CLAIMS PROCESSING**

Highmark Blue Cross Blue Shield is the Plan’s benefit administrator/health claim processing service. Your medical card contains the information your provider or you will need to submit a claim to Highmark Blue Cross Blue Shield. If you find it necessary to submit medical claims, see the back of your medical ID card for information on claims not filed to the local plan.

In order for the Medicare Supplement Plan with Rx to issue payment, Medicare approval is necessary. Contact Highmark at 1.866.763.9471 if you have questions regarding how a claim has been processed, or for additional benefits that may be available for services not approved by Medicare.

**PAYMENT CROSSOVER OF PHYSICIAN AND HOSPITAL CLAIMS**

To ensure proper claims processing, Plan participants should present both their Medicare and Highmark Blue Cross Blue Shield identification cards to medical providers when they seek medical services. Since Medicare is your primary insurance, please contact Medicare at 1.800.MEDICARE or www.medicare.gov to obtain benefit information.

**IDENTIFICATION CARDS**

You will receive a medical identification card from Highmark Blue Cross Blue Shield for each member of your family who is enrolled in the UCC Medicare Supplement Plan with Rx. You may also access an electronic ID card for your smartphone by visiting www.highmarkbcbs.com. Log in to your Highmark account for more information.

**PREEXISTING MEDICAL CONDITIONS**

Once you become a participant in the plan, there are no exclusions for preexisting conditions.

An *Explanation of Benefits* (EOB) will be mailed to you when claims are processed. An EOB is a summary of the benefits paid by Highmark to your medical care provider. It lists the date of service, the service performed, the charges submitted and the total you may owe the provider according to the Medical Plan guidelines. You may also visit the Highmark Blue Cross Blue Shield website (www.highmarkbcbs.com) for more information about receiving electronic EOBs via email.
HOW THE MEDICAL PLAN WORKS

WELLNESS BENEFITS
Highmark has resources available to help you assess your health and lifestyle. Log in at www.highmarkbcbs.com and click Member Discounts to learn how to better care for yourself, have more energy, and maintain a healthy weight.

BLUE ON CALL
Blues on Call is a nurse helpline made available to all Plan participants to answer your medical care questions. You can reach them by calling 1.888.258.3428.

HEARING AID COVERAGE
Plan participants are eligible for a $3,000 allowance available every three years towards hearing aids.

PREVENTIVE SERVICES
The Plan provides coverage for healthy checkups (annual physicals) under physician outpatient services. This benefit encourages early detection and treatment of medical conditions and is not subject to the annual deductible. Contact a Pension Boards Health Services Representative if you need assistance with your annual physical claim.

See the Preventive Schedule on p. 15 for more information.

WOMEN’S HEALTH AND CANCER RIGHTS ACT
The Women’s Health and Cancer Rights Act of 1998 mandates that all group health plans providing coverage for mastectomies also cover:

• all stages of reconstruction of the breast on which the mastectomy was performed;

• surgery and reconstruction of the other breast to produce a symmetrical appearance; and

• prostheses and treatment of physical complications for all stages of a mastectomy, including lymphedema.

The Plan covers mastectomies and, therefore, covers the services in the paragraphs above as well. A consultation with your attending physician is necessary to determine the level of covered services.

**ADULT (AGE 19+) PREVENTIVE SCHEDULE**

**PLAN YOUR CARE: KNOW WHAT YOU NEED AND WHEN TO GET IT**

Preventive or routine care helps us stay well or finds problems early, when they are easier to treat. The preventive guidelines on this schedule depend on your age, gender, health and family history. As a part of your health plan, you may be eligible to receive some of these preventive benefits with little to no cost sharing when using in-network providers. Make sure you know what is covered by your health plan and any requirements before you receive any of these services.

Some services and their frequency may depend on your doctor’s advice. That’s why it’s important to talk with your doctor about the services that are right for you.

CHILDREN’S PREVENTIVE SCHEDULE

Preventive or routine care helps your child stay well or finds problems early, when they are easier to treat. Most of these services may not have cost sharing if you use the plan’s in-network providers. Make sure you know what is covered by your health plan and any requirements before you schedule any services for your child.

It’s important to talk with your child’s doctor. The frequency of services, and schedule of screenings and immunizations depends on what the doctor thinks is right for your child.

Accordingly, the content of this schedule is subject to change. Your specific needs for preventive services may vary according to your personal risk factors. Your doctor is always your best resource for determining if you’re at increased risk for a condition. Some services may require prior authorization. The Plan does not cover services that are considered experimental by the medical profession of the United States or any other country.

This exclusion applies whether or not the Enrollee files a claim for said benefits or compensation.
HOW THE PRESCRIPTION DRUG PLAN WORKS

To provide participants with quality, cost-effective health benefits, the Pension Boards has contracted for the following services:

PRESCRIPTION DRUG BENEFITS—EXPRESS SCRIPTS
Prescription drugs can be purchased at discounted prices with copayments through the Express Scripts nationwide Retail Pharmacy Drug Program and the Mail Order Pharmacy, eliminating the need for claims submission. If the price of a prescription is less than the applicable copayment, you will pay the lesser of the two costs. If you purchase a brand-name drug when a generic substitute is available, you will be required to pay the copayment, plus the price difference. Prescription drug copayments are not included in the annual deductible or the annual out-of-pocket maximum.

RETIREE DRUG PLAN—FOR RETIRED/NON-WORKING PARTICIPANTS IN THE UCC MEDICARE SUPPLEMENT PLAN WITH RX
RETAIL PRESCRIPTION DRUG PURCHASES
You may purchase up to a 30-day supply of prescription drugs with a copayment at participating Express Scripts network retail pharmacies.

MAINTENANCE (LONG-TERM) PRESCRIPTION DRUG REFILLS
Your pharmacy coverage includes access to a 90-day supply of medication via Express Scripts Mail Order Pharmacy. While it is not required that you utilize mail order for your maintenance medications, you will have a lower copay with the Mail Order Pharmacy than when utilizing a retail pharmacy.

WORKING PARTICIPANTS IN THE UCC MEDICARE SUPPLEMENT PLAN WITH RX
RETAIL PRESCRIPTION DRUG PURCHASES
You may purchase up to a 30-day supply of prescription drugs with a copayment at participating Express Scripts network pharmacies.

MAINTENANCE (LONG-TERM) PRESCRIPTION DRUG REFILLS
Your pharmacy coverage includes a refill limit for maintenance (long-term) prescription drugs purchased at participating retail pharmacies. Up to two refills plus the original prescription may be purchased at the retail drug copayment; after that, you will pay the entire cost of the maintenance drug unless you purchase future refills through the Mail Order Pharmacy.

If you need to start a maintenance drug immediately, ask your physician to write two prescriptions—one for a 14-day supply to be filled at a local network pharmacy, and another for a 90-day supply with refills to be obtained through the Mail Order Pharmacy.

Mail Order is the choice for maintenance drugs.
PHARMACY BENEFIT MANAGEMENT
Your pharmacy benefit includes the following programs to provide patient safety:

RATIONALMED
Pharmacists review participant drug profiles and alert prescribing physicians of potential drug interactions.

PRIOR AUTHORIZATION
Just as some healthcare plans approve some medical procedures before they’re done to ensure those procedures are needed, some drugs need a “prior authorization” to make sure they are right for you and your condition and are covered by your pharmacy benefit.

Prior authorization is a program that lets you get the effective medicine that you and your family need and helps your plan sponsor maintain affordable prescription-drug coverage for everyone your plan covers. When your pharmacist tells you that your prescription needs a prior authorization, Express Scripts needs more information to know if your plan covers the drug. Only your own physician can provide this information and request a prior authorization.

SUMMARY OF BENEFITS: PRESCRIPTION DRUG BENEFITS THROUGH EXPRESS SCRIPTS
A PPO, or Preferred Provider Organization, offers two levels of benefits. If you receive services from a pharmacy that is in the network, you’ll receive the higher level of benefits.

If you receive services from a pharmacy that is not in the network, you’ll receive the lower level of benefits. In either case, you coordinate your own care. Below are specific benefit levels.

| Benefit Schedule for working participants of the UCC Medicare Supplement Plan |
| Benefit: Prescription Drugs¹ | UCC Medicare Supplement Plan with Rx |
| When purchased at an Express Scripts network retail pharmacy | When purchased through the Mail Order Pharmacy |
| Up to a 30-day supply | Up to a 90-day supply |
| $17 copayment for a generic drug | $34 copayment for a generic drug |
| $30 copayment for a brand-name drug on the formulary | $75 copayment for a brand-name drug on the formulary |
| $45 copayment for a brand-name drug not listed on the formulary | $115 copayment for a brand-name drug not listed on the formulary |

PRESCRIPTION DRUG FOOTNOTES:
1. Coinsurance and copayment for prescription drugs are not included in the annual medical deductible or annual medical out-of-pocket maximum.
THE UCC MEDICARE SUPPLEMENT PLAN WITH RX FOR RETIRED/NON-WORKING PARTICIPANTS NOW OFFERS TWO PHARMACY PLAN OPTIONS: STANDARD AND VALUE.

The Standard Plan offers a more robust benefit structure with lower copays and no “donut hole.” This is the default plan option for participants of the UCC Medicare Supplement Plan with Rx.

The Value Plan offers a lower premium; however, participants will have higher out-of-pocket costs for a deductible and copays, as well as a “donut hole.” The Value Plan is available for retired participants of the UCC Medicare Supplement Plan with Rx after their first year of enrollment in the Standard Plan.

### Standard Benefit Schedule for retired/non-working participants of the UCC Medicare Supplement Plan

Additional benefit information will be provided to you with your Express Scripts Medicare Welcome Kit.

HOW THE DENTAL PLAN WORKS

The UCC Dental Plan is a stand-alone plan that provides preventive, therapeutic, restorative, and prosthetic services, as well as orthodontic services for you and your covered dependent(s). The Dental Plan is administered by United Concordia Companies, Inc. (UCCI). You will receive an ID card from United Concordia for each member of your family who is enrolled in the Dental Plan. You may also access an electronic ID card for your smartphone by visiting www.ucci.com. Log in to your United Concordia account for more information.

PREFERRED PROVIDER ORGANIZATION (PPO)–ADVANTAGE PLUS 2.0

Advantage Plus 2.0 network dentists provide services at discounted rates and submit claims directly to United Concordia Companies, Inc., our dental claims processor. You are later billed for your share of dental services in accordance with the Plan’s provisions. You are not required to submit payment at the time you receive services, although the provider may request that you pay your deductible. Network providers may not bill you for charges in excess of network allowable fees.

This Plan provides open access, allowing you to see any dentist you choose. However, use of Advantage Plus 2.0 PPO network providers is highly encouraged in order to maximize your dental benefits. You will not receive a discount if you obtain services from providers who do not participate in the Advantage Plus 2.0 PPO network, and you are likely to be required to file a claim for services. If you wish to encourage your dentist to become an Advantage Plus 2.0 PPO network provider, you can ask them to contact Highmark Blue Cross Blue Shield to join.

DENTAL PLAN FOOTNOTES:

1. Participants in the Dental 750 Plan will transition into the Dental 2000 Plan after one (1) year.
2. Advantage Plus 2.0 PPO network provides access to dental care at a lower cost than out-of-network providers.
3. Preventive payments are based on Reasonable and Customary (R&C) limits.
4. Preventive Services do not apply towards the plan’s annual maximum.
5. Treatment received for the unexpected onset of severe pain or other symptoms, which, if not treated immediately, could reasonably be expected to result in serious health threat or impair the health of the individual.
6. Fillings and crowns will only be covered on the same tooth once every five (5) years unless the need for replacement is due to poor quality of the existing restoration.
WHAT THE DENTAL PLAN DOES NOT COVER

Any claim submitted after one year (12 months) from the date of service will not be considered for payment. If you are unsure of any aspects of your dental coverage, contact United Concordia at 1.866.851.7576. The UCC Dental Plan does not cover the following services and/or supplies, unless otherwise specified:

1. Charges for reline/rebase of dentures or bridges are not covered more than once every 36 months. Repair of dentures is not covered more than once per arch per 36-month period.

2. Facings on pontics or crowns posterior to the second bicuspid.

3. Implants, except in limited circumstances. Please contact United Concordia Dental for review.

4. Motor vehicle accident injuries—services for treatment for injuries resulting from the maintenance or use of a motor vehicle if the services/treatment have been paid or are payable under a plan/policy of motor vehicle insurance. This includes a certified or qualified plan of self-insurance, or any fund or program for the payment of extraordinary medical benefit established by state law. Payment for such injuries may be coordinated with your other insurance after those benefits have first been exhausted. The Dental Plan will then pay on a secondary basis.

5. Oral surgery for bony impactions of third molars (wisdom teeth). Contact Highmark BCBS for benefits that might be available under the Medical Plan.

6. Orthodontic services that occurred before enrollment in this Plan or after enrollment is terminated.

7. Procedures, restorations and appliances to increase vertical dimension or to restore occlusion.

8. Replacement of an existing crown or gold filling will not be covered unless for tooth decay.

9. Services and supplies furnished in a U.S. governmental hospital for which you would not be required to pay if there were no coverage.

10. Services and supplies in connection with illness and injury caused by war whether declared or not, or by international armed conflict.

11. Services and supplies partially or wholly cosmetic in nature.

12. Training in or supplies used for dietary counseling, oral hygiene, or plaque control.

13. Treatment by someone other than a dentist or physician, except where performed by a duly qualified technician under the direction of a dentist or physician.

14. Workers’ compensation-related illness or bodily injury, if benefits or compensation are available, in whole or in part, under the provisions of any federal, state or local government workers’ compensation, occupational disease or similar type legislation. This exclusion applies whether or not the enrollee files a claim for said benefits or compensation.
HOW THE VISION PLAN WORKS

This is a summary of the Vision Plan that is administered by VSP. The Vision Plan is a stand-alone benefit with a separate application and premium, and a Plan Year that runs from April 1 through March 31. You will not receive identification cards from VSP; your vision care provider will verify your eligibility and benefits when you schedule your appointment. If you have questions regarding your vision benefits or to locate a provider, contact VSP at 1.800.877.7195.

PREFERRED PROVIDER ORGANIZATION (PPO)-VSP

VSP’s network consists of over 30,000 providers to provide professional vision care for persons covered under this Plan. When you want to obtain services, call a VSP provider to make an appointment. While you may obtain services from any eye care provider of your choice, you will receive your maximum eye care benefits from a VSP provider.

Vision services are covered on a “Service Year” basis. This means you will be eligible for your next covered benefit 12/24 months from the date of your last service: 12 months for exams, 24 months for frames. For example: If you had an eye exam on May 1, 2019, you will not be eligible for another eye exam until May 1, 2020. If you received eyeglass frames on July 1, 2019, you will not be eligible for new frames until July 1, 2021.

Your in-network provider will submit your claim directly to VSP.

If you obtain services from a non-VSP provider, contact VSP Customer Service at 1.800.877.7195 for an Out-of-Network Claim Form.

VSP will not provide ID cards at the time of enrollment. A confirmation letter from the Pension Boards will be sent to the participant once their initial application has been processed.

Participants interested in printing an ID card for their VSP Plan may do so by creating a personal account at www.vsp.com. ID cards are not required to obtain services.

Vision plan enrollment is intended to be continuous in order to provide low out-of-pocket costs to the participant. Should a participant have a break in coverage, a one-year lapsed premium will be due at the time of re-enrollment.
SUMMARY OF BENEFITS: VISION BENEFITS THROUGH VSP
A PPO, or Preferred Provider Organization, offers two levels of benefits. If you receive services from a provider who is in the PPO network, you’ll receive the higher level of benefits. If you receive services from a provider who is not in the PPO network, you’ll receive the lower level of benefits. In either case, you coordinate your own care. Below are specific benefit levels.

If the participant receives or is entitled to receive payment from a third-party suit or settlement, or otherwise, of an amount up to and including the value of any such health services or supplies covered by the Plan, the participant is obligated to reimburse the Plan for the value of such benefits paid by the Plan.

PARTICIPANT’S COOPERATION
In some circumstances, the participant’s help will be requested to assist with the administration of the Plan.
