

OVERVIEW

- » The Northern Trust Global Sustainability Index Fund (GSIF) seeks to provide long-term growth of principal and income. The results approximate the overall performance of the securities included in the MSCI World ESG Leaders Index.
- » The Fund invests primarily in a broadly diversified portfolio of domestic and international equity securities further diversified by market capitalization, sector, and style. It is suitable for investors willing to accept a greater degree of principal and income volatility for some portion of their assets, in pursuit of long-term growth.

PORTFOLIO MANAGERS

NORTHERN TRUST

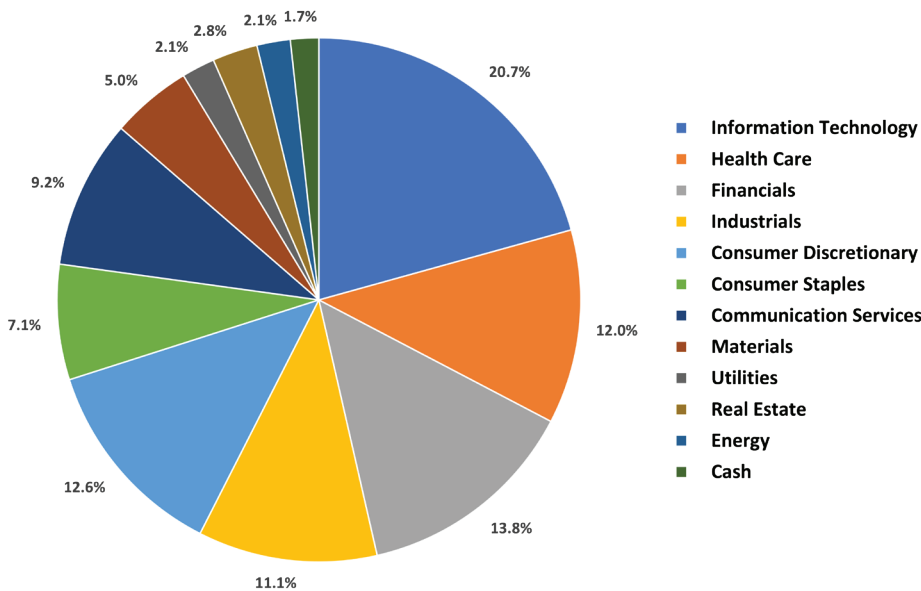

Managed by Northern Trust, the Fund will invest substantially all (and at least 80%) of its net assets in equity securities included in the MSCI World ESG Leaders Index, in weightings that approximate the relative composition of the securities contained in the MSCI World ESG Leaders Index. The Index is a diversified, sector neutral global benchmark constructed using environment, social and governance (ESG) factors.
